Music Program: Holiday Music

Native New Yorker Steve Cassano has been bringing audiences to their feet for over 40 years. His repertoire includes everything from the 40s to the 80s, as well as classic rock, today's top hits and dance music. Steve's charisma draws the audience in as he invites them to sing and dance along. A prolific songwriter and recording artist, he performs as a solo artist as well as with his renowned bands, Stages and Electric Blu.

Making Memories with Music is an opportunity to sing, clap and laugh along with our specially trained musicians. This stroll down Memory Lane will engage everyone in attendance. The music will be accompanied by brief introductions that will put the songs into historical context.
