FEBRUARY 11 - Music

MARCH 10 - Movies

APRIL 7 - Music

Making Memories events enhances the lives of individuals living with memory loss and their care partners. These programs present unique opportunities to enjoy the arts, engage in discussion and socialize with others while sparking memories. The arts, in its many forms and shapes, have the power to connect all of us with only those deep-rooted, colorful, and emotional memories that last a lifetime.

- Making Memories at the Movies: Movies have the power to spark memories and create emotional connections. Come enjoy clips of classic films followed by guided conversation and reminiscence.
- Making Memories with Music: Take a stroll down Memory Lane and sing, clap and laugh along with our specially trained musicians. Live musical performances will be accompanied by brief introductions to put the songs into historical context, highlighting their social significance.

About: Programs are run by Marcy Rhodes, a certified special education teacher and licensed master social worker.
