MAKING MEMORIES AT THE MOVIES

A FREE PUBLIC PROGRAM

Making Memories at the Movies is a unique series of programs designed for people living with **memory loss and their care partners**.

Recognizing that film has the power to spark memories and create emotional connections, each event will present an opportunity for individuals living with memory-loss and their care partners to enjoy clips from beloved films and engage in discussion, all while socializing with others in attendance. Each unique program is facilitated by Marcy Rhodes, a certified special education teacher and licensed master social worker, and takes place inside The Plaza's intimate and cozy theater setting.

The Plaza Cinema and Media Arts Center is proud to join a growing number of community-supported theaters ensuring the accessibility of film to people of all ages and abilities. These programs are offered free to the public due to the generous support of our sponsors:

with generous individual support from: Lynn and Jonah Kaufman
